October 11, 2023

Dear Colleague:

The Association of Women Psychiatrists is pleased to announce its annual call for applications for the AWP Fellowship funded by the Alexandra and Martin Symonds Foundation. Two outstanding women psychiatric residents/fellows will be selected for these Fellowship Programs. Candidates will be selected based on demonstrated leadership potential, interest in and commitment to women's mental health, community mental health service, and academic excellence.

The Association of Women Psychiatrists seeks to improve communication among women in psychiatry with a goal of advancing more women into leadership positions in all aspects of health care. Additionally, the AWP seeks to provide support for women at all levels of their career and serve as a resource to disseminate information on women's health issues to its membership and beyond. Awardees will be provided one year of monthly mentorship by AWP members.

We invite you to nominate a psychiatry resident/fellow for this award and **will accept one application per training program**. The recipients will each receive a \$1,500 award to use for travel and participation in the AWP/APA Annual Meeting, May 4-8, 2024 in New York City. Fellowship winners are expected to remain active within the AWP including committee work in the year following the award, newsletter contributions, and active participation in the AWP mentorship network in subsequent years.

The applications with all supporting documents must be submitted as a single PDF file to [womenpsych@aol.com](mailto:womenpsych@aol.com) by December 15, 2023.

AWP Executive Council
